To whom it may concern,

We would recommend Karl Sibbons and Southwark Developments Ltd. for future construction projects and to anyone looking for a general contractor.

We began working with Karl over a year ago in order to design, plan and construct a 7,000 square foot office building in the Windermere area. He was able to assist us with all aspects of the building and has a very common sense approach to constructing a high quality, efficient office space.

We feel that Karl has the knowledge, skills and understanding to be an extremely good resource during the construction process. He will surely be an asset to your construction project through his thoughtful ideas and creative solutions.

Please feel free to contact us if you have any questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "Joleen Liebig".
